

## WORSHIP

Decorate this crown and make it as fancy as possible

Worship is all about showing respect and honour to someone or something.

Sometimes people give too much respect and honour to the wrong kinds of things – things which don't matter or which take over our lives. Maybe things like money, or football, or romance...these can become 'king' of our lives.

If you could be king/queen for the day, what would you do?

**BIBLE BIT**

“WORSHIP HIM WHO MADE THE HEAVENS, THE EARTH, THE SEA AND THE SPRINGS OF WATER”

REVELATION 14:7

Christians believe that God is King of their lives and the only thing worth worshipping.

What or who rules your life?

Is this a positive or negative thing?

What do you think *should* be most important and honoured in your life?

**PRAYER IDEAS**

Thank God for who He is – King of the universe and maker of all things.

Ask God to help you give importance to the right kinds of things.
